ABOUT ME

I am a lecturer at Habiganj Agricultural University, where I have the privilege of guiding students and fostering their curiosity in the fascinating fields of animal science. My passion lies in research and innovation, focusing on uncovering solutions that contribute to the health, productivity, and sustainable management of animals. My work revolves around staying at the forefront of scientific advancements, embracing the challenges of modern research, and striving to make a meaningful impact through collaboration and discovery. For me, being an educator and researcher is more than a profession, it's a lifelong journey of learning, teaching, and contributing to the betterment of society through science.
